Adarsh Jamadandi

Curriculum Vitae (27th October 2026)

CNRS Doctoral Researcher
Institut de Recherche en Informatique et Systèmes Aléatoires (IRISA)
263 Avenue du Général Leclerc, Rennes, France.

Email Personal Website Google Scholar LinkedIn

Research interests

Diffusion Models for Graph Generation • Graph Machine Learning

Education

Sept 2025–present
Ph.D. in Computer Science at IRISA, France.
Discrete Graph Diffusion Models: Priors, Learning Dynamics and Scalability.
Advisor: Dr. Nicolas Keriven.

Nov 2020–August 2024
M.Sc in Computer Science at Universität des Saarlandes, Germany.
On the Importance of Graph-Task Alignment in Graph Neural Networks.
Advisor: Dr. Rebekka Burkholz.

2014–2018
B.Eng in Electronics and Communication at KLE Technological University, India.
Anomaly Detection in Unlabelled Videos.
Advisor: Dr. Uma Mudenagudi.

Work Experience

March 2025–Aug 2025
Research Assistant at SprintML Lab, CISPA, Saarland, Germany.
Memorization in Graph Neural Networks.

Nov 2022–Oct 2024
Research Assistant at RelationalML Lab, CISPA, Saarland, Germany.
Mitigating Over-squashing and Over-smoothing via Graph Rewiring.

April, 2019–April 2020
Research Associate at KLE Technological University, India.
Deep Learning for Underwater Image Enhancement.

Feb, 2017–May, 2020
Chief Technology Officer and Co-Founder at Silicon14/Tweak Labs Inc.
Low cost hardware augmentations/sensors for embedded systems and IoT.

Publications

2026
Your Discrete Graph Diffusion Model is Secretly Memorizing.
Adarsh Jamadandi and Nicolas Keriven.
BeNTo: Beyond Next Token Prediction, **NeurIPS Workshop 2026.**

2026 **When Edge Independence Fails: Joint Graph Diffusion with Latent Sociability Priors.**
Adarsh Jamadandi, Nicolas Keriven, and Aline Roumy.
Advances in Neural Information Processing Systems, **NeurIPS, 2026.**

2025 **Memorization in Graph Neural Networks.**
Adarsh Jamadandi, Jing Xu, Adam Dziedzic, and Franziska Boenisch.
Advances in Neural Information Processing Systems, **NeurIPS, 2025.**

2025 **GNNs Getting ComFy : Community and Feature Similarity Guided Rewiring.**
Celia Rubio-Madrigal*, **Adarsh Jamadandi***,and Rebekka Burkholz.
equal contributions.* International Conference on Learning Representations, **ICLR,2025.

2024 **Spectral Graph Pruning Against Over-Squashing and Over-Smoothing.**
Adarsh Jamadandi*, Celia Rubio-Madrigal*,and Rebekka Burkholz.
equal contributions.* Advances in Neural Information Processing Systems, **NeurIPS, 2024.

2021 **Graph of Thrones : Adversarial Perturbations dismantle Aristocracy in Graphs.**
Adarsh Jamadandi and Uma Mudenagudi. **AAAI, Student Poster, 2021.**

2019 **Exemplar Based Underwater Image Enhancement augmented by Wavelet Corrected Transforms.**
Adarsh Jamadandi and Uma Mudenagudi .
Computer Vision and Pattern Recognition (**CVPR, 2019** Workshop, Oral).

Invited Talks

2026 **Deconstructing Graph Diffusion Models: From Prior to Learning Dynamics.**
Workshop on Machine Learning and Graph Signal Processing, CIRM, Marseille.

2026 **Memorization in Graph Neural Networks.**
11th International Conference on Curves and Surfaces.
Graph Learning on Wednesdays (GLOW) Reading Group.
2025 NeurIPS in Paris, Sorbonne University.

2025 **Learning on Graphs: Strategies for Improving and Understanding Generalization in Graph Neural Networks.**
CEVI Vision++ Talk Series, India.

2024 **How spectral graph pruning can help address over-squashing and over-smoothing?**
Helmholtz AI Conference, Dusseldorf.
Neptune AI Video Interview.

Academic Service

2026 Reviewer for Learning on Graphs conference (**LoG**).

2026 Reviewer for conference Association for the Advancement of Artificial Intelligence (**AAAI**).

2025 Reviewer for conference Advances in Neural Information Processing Systems (**NeurIPS**).

2025 Reviewer for conference Association for the Advancement of Artificial Intelligence (**AAAI**).

Selected Awards and Honors

October,2025 **NeurIPS Scholar Award**
Financial Assistance covering registration (accepted), and accommodation (declined) to present research at San Diego.

2019 **Adarsh Jamadandi**, Sujata C, Uma Mudenagudi and Ashok Shettar,
System and Method for Video Summarization **590783, Indian Patent Granted**.

2019 **Adarsh Jamadandi** and Samar A M, Accexlron - A Rapid Prototyping Development Board.
Best US-based Project by Hackster.io.
